MIX & MATCH FROM 9 WEEKS OF CAMP!

Join us for fun & sun filled days, learning, exploring & growing!

AGES 5-12
JUNE 25 - AUGUST 24
RIVERVIEWCAMPS.ORG

LEARN, EXPLORE & GROW!

SINCE 1991, RIVERVIEW HAS HELPED PARENTS JUST LIKE YOU PROVIDE THEIR CHILDREN WITH SUMMERS FILLED WITH LEARNING, NATURE, FRIENDS & CREATIVE FREEDOM

9 WEEKS OF DAILY ACTIVITIES INCLUDE

SUMMER MARTIAL ARTS TRAINING

The unique nucleus to Riverview Summer Camps has always been the lessons learned through our Martial Arts heritage. Each day campers will enjoy martial art based classes, healthy workouts or character development that is only offered to Summer Camp participants. This allows for topics that can be enjoyed equally by first time campers as well as RMA veteran students. All Martial Arts offerings are designed to be engaging and enjoyable for new campers, no prior experience is needed.

LEADERSHIP & LIFE SKILLS

Camp at Riverview becomes a great opportunity to fill a camper's days with activities for developing valuable skills which transfer to not only short term goal achievement, but more lasting life long skill ownership. Lessons framed by internationally acclaimed Kids Love Life Skills, will be interwoven in active games, role modeling and educational activities supporting the skill-building of Focus, Teamwork, Control, Balance, Memory, Discipline, Fitness, Manners, Respect, Confidence and Leadership.

EDUCATIONAL SUMMER LEARNING

We have this unique position as summer time educators to be able to spend long chunks of time, visiting local & offsite locations frequently, with kids who are so very curious and thirst for applicable knowledge from the world they inhabit. This allow us the privilege to deliver amazing opportunities in experiential learning covering a wide scope of camper-centric topics. The results is a summer of learning that colors blank parts of their life canvases.

ADVENTURE FIELD TRIPS

Load up the vans, 'cuz kids like to break loose of the school year shackles!! Each week campers will get out in our local community and enjoy abundant sunshine, plentiful nature, curious adventures, exciting challenges and memories that will outline the stories about the summer camp their parents let them attend. Maine has so much to offer us, our only dilemma is how to cram as much as we can into each week. Beaches, hiking, swimming, outdoor adventure, animals and fun educational opportunities are some of the many staples that fill our weekly adventure rosters.

FRIENDS & FUN

Without a doubt there is nothing taken more seriously at Riverview Summer Camp than how to have fun.....well, unless its how to have fun with friends!!! Camp is our excuse to create programming that has no other agenda, its just about fun, and fun with friends. Upon arrival each Monday morning campers gather to review camp rules. #1 is have fun. Most of the other 8 rules refer back to #1 as their underpinning. A little over the top? Nope! Reasoning? Refer to #1!!

ARTS & CRAFTS

When campers harness their energy, it's amazing the artistic detail, life-like realism and craftsmanship they bring to creating a product that they beam with proud ownership about! Each week campers embark on projects that have ties to the camp week's theme. The happy, relaxed and creative craft work is often done side by side with friends and is a great outlet to talk about the project or hum along to their favorite music. Many days we find this time to be a welcome recharging point during a fun day of more demanding physical or outdoor activities.
